the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (from 2.5 million in 1980 to 4 million in 1999). The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded.

The public sector is a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded. The public sector is a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded.

The public sector is a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded. The public sector is a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded.

The public sector is a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which the public sector is funded.
