the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (from 2.5 million in 1980 to 4 million in 1995). The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded.

The public sector has also become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded. The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded.

The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded. The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded.

The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which it is funded.
