the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995 (Department of Health 1996).

There is a growing emphasis on the need to improve the quality of care in the public sector. The Department of Health (1996) has set out a number of key objectives for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community. The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be fair, to be open, to be accountable, and to be responsive.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key measures for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key targets for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key indicators for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key outcomes for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key processes for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key structures for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key systems for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key mechanisms for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key arrangements for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key provisions for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key powers for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key duties for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key responsibilities for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

The Department of Health (1996) has also set out a number of key obligations for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the responsiveness of the system to the needs of the community.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995 (Department of Health 1996).

There is a growing emphasis on the need to improve the quality of care in the public sector. The Department of Health (1996) has set out a number of key objectives for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system. The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial performance of the system.

The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.
