[illegible][illegible]

the 'information' and 'communication' fields. The 'information' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

The 'communication' field is defined as:

...the study of the nature, sources, uses, and management of communication, and the study of the communication of information. The field includes the study of the history, theory, and practice of communication science, and the study of the social, cultural, and economic aspects of communication and information. (p. 101)
