the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems is also increasing in children and young people (Mental Health Foundation 2000).

There is a growing awareness of the need to address the needs of people with mental health problems. The World Health Organization (WHO) has developed a number of initiatives to address the needs of people with mental health problems, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of children and young people with mental health problems, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against children and young people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in low-income countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in high-income countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in developing countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in industrialized countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in transition countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in post-conflict countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

The WHO has also developed a number of initiatives to address the needs of people with mental health problems in disaster-stricken countries, including the development of mental health services, the promotion of mental health, and the reduction of stigma and discrimination against people with mental health problems (WHO 2000).

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems is also increasing in children and young people (Mental Health Foundation 2000).
