the 1990s, the number of people in the world who are under 15 years of age has increased from 1.1 billion to 1.6 billion, and the number of people aged 65 and over has increased from 0.2 billion to 0.5 billion (United Nations, 2002). The United Nations predicts that by 2050, the number of people aged 65 and over will be 1.1 billion, and the number of people under 15 years of age will be 1.9 billion (United Nations, 2002).

There is a growing awareness of the need to address the needs of the elderly and young people in the world. The World Health Organization (WHO) has a programme of research on the health of the elderly and young people. The WHO has a programme of research on the health of the elderly and young people. the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (from 2.5 million in 1980 to 4 million in 1999). The number of people in the public sector who are employed in the health sector has increased by 1.2 million (from 1.3 million in 1980 to 2.5 million in 1999).

There are a number of reasons why the public sector has grown so rapidly. One of the main reasons is the increasing demand for health care services. The population is ageing, and there is a growing incidence of chronic diseases such as heart disease, cancer, and diabetes.

Another reason is the increasing demand for social care services. The population is ageing, and there is a growing incidence of people with mental health problems and people with physical disabilities.

A third reason is the increasing demand for education services. The population is growing, and there is a growing demand for higher education.

A fourth reason is the increasing demand for housing services. The population is growing, and there is a growing demand for social housing.

A fifth reason is the increasing demand for transport services. The population is growing, and there is a growing demand for public transport.

A sixth reason is the increasing demand for cultural services. The population is growing, and there is a growing demand for museums, libraries, and theatres.

A seventh reason is the increasing demand for leisure services. The population is growing, and there is a growing demand for sports, recreation, and entertainment.

A eighth reason is the increasing demand for environmental services. The population is growing, and there is a growing demand for clean air, clean water, and green spaces.

A ninth reason is the increasing demand for safety services. The population is growing, and there is a growing demand for police, fire, and ambulance services.

A tenth reason is the increasing demand for justice services. The population is growing, and there is a growing demand for courts, prisons, and probation services.

A eleventh reason is the increasing demand for international services. The population is growing, and there is a growing demand for foreign aid, trade, and diplomatic services.

A twelfth reason is the increasing demand for defence services. The population is growing, and there is a growing demand for the armed forces.

A thirteenth reason is the increasing demand for space services. The population is growing, and there is a growing demand for space exploration and satellite services.

A fourteenth reason is the increasing demand for information services. The population is growing, and there is a growing demand for computers, the internet, and mobile phones.

A fifteenth reason is the increasing demand for energy services. The population is growing, and there is a growing demand for electricity, gas, and oil.
