the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995 (Department of Health 1996).

There is a growing emphasis on the need to improve the quality of care in the public sector. The Department of Health (1996) has set out a number of key objectives for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector. The Department of Health (1996) has also set out a number of key principles for the public sector, including the need to be patient-centred, to be transparent, to be accountable, and to be efficient.

The Department of Health (1996) has also set out a number of key strategies for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key measures for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key targets for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key indicators for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key outcomes for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key results for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key achievements for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key successes for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key milestones for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key landmarks for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key events for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key dates for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key times for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key moments for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.

The Department of Health (1996) has also set out a number of key occasions for the public sector, including the need to improve the quality of care, to reduce waiting times, to improve the efficiency of the system, and to improve the financial position of the public sector.
