the 1990s, the number of people in the world who are under 15 years of age has increased by 1.2 billion, from 1.1 billion in 1980 to 2.3 billion in 1999 (United Nations 2000).

There is a growing awareness that the needs of children are not being met in many parts of the world, and that the consequences for the future of the world are likely to be serious (United Nations 2000).

The United Nations has identified a number of key areas of concern for children, and has set out a number of goals for the year 2015. These goals are:

- To ensure that all children have access to primary education.
- To ensure that all children have access to basic health care.
- To ensure that all children have access to clean water and sanitation.
- To ensure that all children have access to a safe and secure environment.

The United Nations has also identified a number of key areas of concern for children, and has set out a number of goals for the year 2015. These goals are:

- To ensure that all children have access to primary education.
- To ensure that all children have access to basic health care.
- To ensure that all children have access to clean water and sanitation.
- To ensure that all children have access to a safe and secure environment.
