the 'information' and 'communication' fields. The 'information' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'communication' field is defined as:

...the study of the processes of communication, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information science' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information studies' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information technology' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information systems' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information management' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information policy' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

The 'information law' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political contexts in which these processes take place. (p. 10)

the 'information' and 'communication' fields. The 'information' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

The 'communication' field is defined as:

...the study of the nature, sources, uses, and management of communication, and the study of the communication of information. The field includes the study of the history, theory, and practice of communication science, and the study of the social, cultural, and economic aspects of communication and information. (p. 101)

The 'information science' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

The 'communication science' field is defined as:

...the study of the nature, sources, uses, and management of communication, and the study of the communication of information. The field includes the study of the history, theory, and practice of communication science, and the study of the social, cultural, and economic aspects of communication and information. (p. 101)

The 'information studies' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

The 'communication studies' field is defined as:

...the study of the nature, sources, uses, and management of communication, and the study of the communication of information. The field includes the study of the history, theory, and practice of communication science, and the study of the social, cultural, and economic aspects of communication and information. (p. 101)

The 'information science and communication' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

The 'communication science and information' field is defined as:

...the study of the nature, sources, uses, and management of communication, and the study of the communication of information. The field includes the study of the history, theory, and practice of communication science, and the study of the social, cultural, and economic aspects of communication and information. (p. 101)

The 'information science and communication studies' field is defined as:

...the study of the nature, sources, uses, and management of information, and the study of the communication of information. The field includes the study of the history, theory, and practice of information science, and the study of the social, cultural, and economic aspects of information and communication. (p. 101)

the 1990s, the number of people in the world who are under 15 years of age is expected to increase by 1.5 billion (United Nations 1994).

There is a growing awareness of the need to develop a new generation of leaders who are able to deal with the challenges of the 21st century. This has led to a number of initiatives to develop leadership education for young people.

The purpose of this paper is to discuss the challenges of leadership education for young people and to propose a framework for leadership education.

The paper is organized as follows. First, we discuss the challenges of leadership education for young people. Second, we propose a framework for leadership education.

Finally, we discuss the implications of the framework for leadership education for young people.
