the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million (from 2.5 million in 1980 to 4 million in 1995). The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.

The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed. The public sector is now a major employer in the UK, and this has implications for the way in which the public sector is managed.
